Good Morning Steve and Vicki,

Just want to check in to see if you have a name and number for the field contact that will be conducting the Bioassessment work this week so that I can put my contractor in touch with them.

I hope all is well.

Thank you,

JJ Justice

Mr. Justice,

In my previous notification concerning testing at the Eisenbarth, I omitted informing you of the WET and WST aspects of the project that will occur on September 8, 2016. Please do not hesitate to call if you have any questions. Since I will be out of the office on vacation until July 5th, please call Vicki Goodenow at 512-682-3003 if you need to talk before I return.
